## School Talks: Our Mission and Programmes

### Our Mission

Our mission, as a charity, is to inform and educate the people of Hampshire and our visitors about the aviation history of the New Forest. As part of this, we offer an outreach programme to schools and other youth groups for which we make no charge.

### Our Talks

We have two 'standard' talks, which can be combined:

#### 1. The 12 Airfields of the New Forest

- This presentation covers the history of aviation in the New Forest from its inception in 1910 through to the current day. The talk takes about **30 minutes** with time for questions afterwards, but can be extended if you would like further information added.

#### 2. Christchurch as a Boy

- One of our trustees grew up in Christchurch during the war and tells an interesting tale of his childhood living locally during that time.  
*The talk lasts about **30–40 minutes** with time for questions afterwards.*

#### 3. Combined Talk

- These two talks can be combined and can be covered in a total time of **40–50 minutes** with time for questions afterwards.

**Contact us to arrange a visit!**
